

Carson City Senior Center (Aging Services)

Department of Health & Human Services (DHHS)

Above is day one of the ARRA meal distribution. Pictured are our volunteer crews with the cases of meals prior to distribution, the check-in desk for paperwork verification, and the volunteer staff assisting with the completion of the participant registration forms. Approximately 300 meals were distributed between congregate and homebound clients. I don't have exact new client numbers but there was quite a few and most ate lunch. I thought it was a very positive event.
